

TPS-6820A-12080H-D/SJ

Sewing area: 1200mm(X) × 800mm(Y)

HIGH SPEED OIL-FREE ROTARY LIFTING HEAD TEMPLATE MACHINE

Car seat

Sofa

Golf bag

Car interior

Cruise ship interiors

Aviation interior

- With the 360 degree rotating machine head, standard and aesthetic stitches can be easily realized.
- XY adopt the transmission method of screw and sliding table, driven by servo motor that high stability.
- Through the RFID barcode to identify the pattern, automatically
- switch out the corresponding sewing program and quickly sew.
- Synchronous technology accurately controls the machine head, rotary hook and cloth feeding mechanism,
- The machine head has a lifting function to increase the height by 50mm.
- The machine head can rotate at any angle to track the sewing stitches to ensure the quality of the sewing stitches.
- Suitable for sewing thick materials such as leather and airbags, upholstery, car interior upholstery, Aviation interior upholstery, golf bags, etc.

Technical data:

Model	TPS-6820A12085H-D/SJ	TPS-6824A-12080H-D/SJ
Stitch type	Single-needle lockstitch (301 type)	
X Y drive mode	X Y three-screw transmission	
Max.sewing speed	1800SPM	
Max sewing range	1200×850mm	1200×800mm
Intermediate presser foot adjustment range	Standard 4mm/Lifting amount:20mm	
Stitch length	1.5-12.7mm	
Needle	DP×1 7 (#18) #18~25	
Program input method	USB	
Template holding mode	Pneumatic clamp type or pressing type	
Hook	Full rotating double-times large hook	
Voltage	220V	
Power	750W	
Air pressure	0.4-0.6MPa	
Packing size	2050x1380x1850mm	2050x 1380x1850mm
Weight	1049Kg/919Kg	1052Kg/923Kg
